

Baked 180 Delivery Zones & Pricing

Hand delivery of your cupcakes at Baked 180 means they are delivered with the utmost care ensuring they arrive in the same condition as they were baked and packed with love by our staff. It also literally means delivered to your hands from the hands of our staff with a smile, not thrown over the fence, or left at the door (unless you're not there – the latter, not the former). Complimentary text messages, calls or emails are sent if your cupcakes are received by someone other than yourself for peace of mind.
